

**CENTURY COLLEGE  
COURSE EQUIVALENCY TABLE  
(2007-08 CENTURY CATALOG TO 2007-09 UW-RF CATALOG)**

This course equivalency table is intended as a guide for program planning at Century College and may be subject to change.

For the course catalog with departmental program information see: <http://www.uwrf.edu/catalog>.

Academic advisement at UW-River Falls is provided by the major department. Course substitutions in the major or minor fields must be approved by the major or minor department chair. Course substitutions outside the major or minor (such as General Education, teacher certification requirements, liberal arts requirements) must be approved by the Dean of the College certifying the degree (College of Agriculture Food & Environmental Sciences, College of Arts & Sciences, College of Business & Economics, or College of Education & Professional Studies).

Century College is a combined community and technical college. Courses in vocational/technical programs are generally not accepted in transfer, unless related to the student's degree program and approved by the major/minor department chair and by the Dean of the College certifying the degree.

A maximum of 72 semester credits may be accepted in total from two-year colleges. A minimum of 30 semester credits must be earned at UW-River Falls to be granted a degree by UW-River Falls, including at least 6 semester credits in the major area and 3 semester credits in the minor area. The final 15 credits must be earned at UW-River Falls. Most programs require a total of 120 to 128 semester credits.

The Associate of Arts degree in Liberal Arts at Century is considered to satisfy UW-RF General Education requirements, except for an upper level Multidisciplinary Inquiry course, which must be taken in the junior or senior year at UW-RF. It may be necessary, however, to take courses to meet specific program requirements, to meet prerequisites for advanced courses or to satisfy state teacher certification requirements. To qualify for the Associate Degree/General Education policy, the AA degree must be earned prior to initial enrollment at UW-RF. Career oriented associate degrees, associate of applied science degrees, or other similar associate degree programs do not satisfy General Education requirements. Students with questions about associate degree policies may contact the UW-RF Admissions Office.

For students who do not anticipate completing an Associate of Arts degree, General Education plan sheets have been developed to assist students in course selection. See Century counselors, the UW-RF Website ([www.uwrf.edu](http://www.uwrf.edu)) or contact the UW-RF Admissions Office. **STUDENTS CONSIDERING TRANSFER IN TEACHER EDUCATION, SOCIAL WORK OR AGRICULTURE MAJORS ARE URGED TO CONSIDER TRANSFER AFTER ONLY ONE YEAR.**
