

**INVER HILLS COMMUNITY COLLEGE COURSE SELECTION GUIDE
COLLEGE OF BUSINESS AND ECONOMICS (CBE) MAJORS**

CBE website: <http://www.uwrf.edu/cbe> Course Catalog: <http://www.uwrf.edu/catalog>

I. General Education and Other University-Wide Requirements: See the Inver Hills CC/UWRF General Education course selection guide. The CBE requires a minimum GPA of 2.25 in General Education courses.

II. For Business Administration or Accounting Majors: Business Administration or Accounting majors must complete lower level course requirements in the major with a minimum GPA of 2.5 before being allowed to take upper level business and accounting courses. The record of transfer students will be evaluated by the CBE after the student is admitted to the University to determine eligibility to enroll in upper level courses. Lower level requirements for the Business or Accounting major may be met by selecting the following Inver Hills courses:

1. MATH 1120 or 1133 (Calculus)
2. ACCT 2101 (Financial Accounting)
3. ACCT 2102 (Managerial Accounting)
4. ECON 1105 and 1106 (Macroeconomics and Microeconomics)
5. MATH 1103 (Statistics)
6. BUS 1131 (Legal Environment of Business) (BUS 1132 also required if Accounting major.)
7. INTS 1132 (Effective Writing in Organizations) or COMM 1130 (Effective Communication in Organizations)

III. For Computer Science & Information Systems (CSIS) Majors: Students must complete two semesters of computer programming and one semester of data structures (or another course approved by the CSIS Dept) with a minimum GPA of 2.5 for admission to the CSIS major. Due to the changing nature of the computer industry and computer applications, students are advised to consult the CSIS Department with questions about transfer of computer courses. Foundation programming courses (UWRF CSIS 161 & 162) use the JAVA language. The CSIS major has options in Computer Science or Information Systems. Courses which appear to be most directly related to the UWRF CSIS major include:

1. MATH 1120 (Intro to Calculus) or 1133 (Calculus I) (MATH 1133 required for Computer Science option)
2. CS 1110 (Beginning JAVA) or CS 1116 (Intro to Programming with JAVA) (Required course)
3. CS 1126 (JAVA Programming) (Required course)
4. CS 1118 (Discrete Structures of Computer Science)
5. MATH 2221 (Intro to Linear Algebra) (Required for Computer Science Option)
6. CS 1136 (Algorithms and Data Structures with JAVA) (Required course)
7. CS 2250 and 2260 & 2270 (HTML & Web Design and Development courses) (Need all three to satisfy UWRF CSIS 225. Elective in major.)
8. CS 1119 (Programming in C++) (Elective in major)

A minor is required for CSIS majors. Students may look for courses applicable to the intended minor.

IV. For Economics Majors: Students must earn a 2.5 GPA in macroeconomics, microeconomics, quantitative analysis (or business calculus), and two semesters of English composition, for admission to the Economics major. IHCC courses applicable to the UWRF Economics major and supporting courses are:

1. ECON 1105 (Principles of Macroeconomics)
2. ECON 1106 (Principles of Microeconomics)
3. MATH 1103 (Statistics)
4. MATH 1120 or 1133 (Calculus)
5. CS 1100 (Intro to Computers)

A minor is required for Economics majors. Students may look for courses applicable to the intended minor.
