

Advising Committee Minutes

Wednesday, September 27, 2006
Room 223 South Hall

Members present: Phil George, Justin Hauer, Kim Mogen, Geoff Scheurman, Jennifer Willis-Rivera, and Brian Schultz. Visitor: Wes Chapin

Call to Order – 9:05 a.m.

Wes Chapin, Faculty Senate Chair, gave the committee the following charges for this year:

- Look at committee membership/size
- Assessment of advising (scope of advising; role and expectations of advisors)
- Catalog format (long term process for accurate and up-to-date information)

There was a brief discussion of the catalog format. Phil George pointed out that we are really talking about the 2007-09 catalog format, since 2005-07 is already online.

With regard to assessing advising, the committee will work on a definition of advising. Brian asked members to check with colleagues across campus to see what assessment practices are currently being used.

This committee will meet with the Supplemental Advising Committee later in the semester to see how the committees can work together on important advising issues.

Adjourned – 9:50 a.m.

Respectfully submitted,
Brian Schultz, Chair
