Room 223 South Hall

Members present: Phil George, Justin Hauer, Kim Mogen, Peter Rayne, Geoff Scheurman, Jennifer Willis-Rivera, and Brian Schultz. Visitor: Wes Chapin

Call to Order – 9:05 a.m.

Justin and Brian reported on the Assessing Advising Workshop that they attended in Madison (October 27, 2006). We need to identify student learning outcomes before we can define academic advising or assess advising on our campus. There was additional discussion of advising outcomes.

Brian will contact Ian Williams about an advising workshop as part of the January Faculty Development Day.

This committee will meet with the Supplemental Advising Committee later in the semester to see how the committees can work together on important advising issues.

Adjourned – 9:50 a.m.

Respectfully submitted,
Brian Schultz, Chair
