

Agenda – Recruitment, Admissions, and Retention Committee
November 3, 2006

1. Review/Approve Minutes from October 27, 2006
2. If we do get additional state funds and embark on the growth agenda, what does that mean for UWRF in terms of the primary target populations for additional students? What are the pros and cons associated with each potential category of additional students?
3. What do we need to do to appeal to/attract the target student populations identified in question 1?
4. What are the constraints we need to address to serve the larger student population identified in question 1? What do we need to do to make sure that the experience of UWRF students on a campus with, say, 7,500 students is equivalent to or better than those currently here?
5. Other
