

Recruitment, Admissions, and Retention Committee
Minutes, December 8, 2006

Attendees: M. Brennan, D. Leake, A. Olson, D. Marchand, N. Shonoiki, S. Egerstrom, D. Trechter, A. Tuchtenhagen

1. Minutes from November 17, 2006 approved
2. Develop recommendation for Faculty Senate regarding potential merger of RAR and Enrollment Mgmt Committees

After lengthy discussion, the RAR Committee recommended that the Enrollment Management and RAR Committees be maintained as separate entities. The Committee felt that the role of the RAR Committee is more focused on policy issues and the Enrollment Management Committee more focused on operations. Because of the differing nature of their work, the idea of creating a single committee to cover these issues was rejected by the RAR Committee.
