Yes, this make sense. I approve, and will copy the chair of our curriculum committee for information purposes. But I would change the last line to read: Directed Electives: select two 6 credits **total**.

Teri,

I am attaching a detailed description of a change to the TESOL Education minor that the English Department approved on Friday, Dec. 5. Mike Martin pointed out to us that English 320, the prerequisite to English 420, is not required for the minor. We needed to correct that error. (Our original assumption, I believe, was that most of these minors would be English majors. However, now we are getting a number of Elementary Education and Modern Languages majors.)

If you approve of this change, could you send me a response to this email that I can attach to the program change form?

Thanks so much.
