

Finding Journals

To see if the library has a particular journal title, either in print or online, on the library homepage, click **“Journals by title or subject category”**.

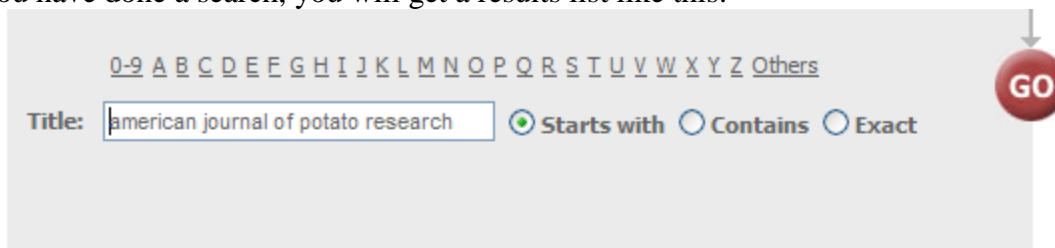

If you know the specific name of the journal, you can type in the name of the journal in the **title field** or click on the **letter of the alphabet** to browse the journals. If you are looking for all the journals in a subject, like agriculture science or chemistry or business management, click on **Category** to search by broad categories and sub-categories. To start the search, click on the Go button or hit the Enter key on your keyboard.
