

*Sustainable Dunn sponsors program on*

**Socially Responsible Investing**

Trading Your Green for Green

The community is invited to learn about ways that your money can be put to work for a Sustainable future.

Socially Responsible Investing is on the increase in the United States as more people become aware of the investment options that are available to those who want to live in accordance to their personal values and ethics.

David McClellan, regional representative for Calvert Investments from Chicago and Georgette Frazer, an independent financial advisor from Marshfield, WI will help those present explore the world of investing in screened investments, community investments, shareholder advocacy and microfinance.

Sustainable Dunn is sponsoring this program on Socially Responsible Investing (SRI) on Tuesday, November 17, 2009 at 7 pm at the Menomonie Public Library. For more information look on website at [www.sustainabledunn.org](http://www.sustainabledunn.org) or call 235-4049.
