**Ability Services Learning Outcomes**

1. **Fostering Independence**
   Empowering students by helping them build their self-awareness and self-advocacy skills to effectively communicate their needs, strengths, learning styles, and barriers.

2. **Reducing Barriers**
   Arranging reasonable academic accommodations to best ensure that students can maximize the use of their inherent abilities by providing them equal access to educational learning and academic opportunities.

3. **Promoting Inclusively**
   Providing initiatives to help establish a culture of understanding and awareness in relation to the disability populations served on campus at UWRF, advocating for accessibility in the learning environment, and educating the larger campus community on disability issues.
