Instructional Academic Staff Compensation

- Discussion of proposal of IAS and one time lump sum merit payment
  IAS should be included in the one-time lump sum and we need to come up with criteria for them. The proposal that we are looking at for IAS is first, they would need to have had a 50% or more contract for the 15-16 academic year and have a contract for the 16-17 academic year. Second, we would look at the titling series (see below). If the IAS is not in the lecturer series (Program Manager), we will be reaching out to them and allow them to use the Non-Instructional Academic Staff Performance Evaluation.

Ch. 6.15.2.1 –
Associate Lecturer ($300)
Lecturer ($400)
Senior Lecturer and Distinguished Lecturer ($500)
