8 Tips for Test Taking

1. Study, study, study.
2. Complete ALL of your study guide.
3. Get to your test site early to find a good spot.
4. Right after you get your test, do a “memory dump” for facts, dates, formulas, etc.
5. Read the directions CAREFULLY and multiple times.
6. Look over the whole test so you know what you’re getting into.
7. Answer easier questions first to build confidence.
8. STAY CALM.
