Sanctions and Appeals Process
Failure to adhere to the provisions of this policy may result in appropriate disciplinary action as provided under existing procedures applicable to students, faculty, and staff, and/or civil or criminal prosecution.

Procedure
The University of Wisconsin-River Falls and its food service contractor are the sole providers of alcohol beverages on campus. The University of Wisconsin System is the holder of the “Special Tax Stamp” which must be displayed whenever alcohol beverages are being dispensed. The University is legally responsible for paying State and County sales tax and recording all sales. A University employee and/or food service contract employee must be present at and supervise all events in which alcohol beverages are served.

Alcohol beverages may not be brought onto campus by private individuals or campus departments/organizations. Consumption of alcohol beverages and possession of any open container of alcohol beverages are prohibited unless specifically permitted by either Regent rule or institutional regulations. The prohibition extends to laboratories and individual offices (student housing units are exempt).
All alcohol beverages will be dispensed at a price that complements the established prices in the local community. There shall be no "open bars," "happy hours," or other modified prices that discount the price of service to promote the consumption of alcohol, unless special conditions exist as approved by the Chancellor.

All alcohol beverages will be served in accordance with statutory limitations of the State of Wisconsin. The University will be responsible for determining the facilities in which alcohol beverages are served, and for the duration for which they shall be served. In all cases, the University will determine guidelines for each event so as not to promote excessive alcohol consumption.

As a general guideline, State dollars cannot be used to purchase alcohol beverages; nor can state employees be reimbursed for the purchase of alcohol beverages.

For all events in which alcohol beverages are available, non-alcohol options such as soft drinks/water/juices must be available.

It is not appropriate to include alcohol beverages in the registration fee of a University-sponsored event unless special conditions exist as interpreted and approved by the Accounts Payable office.

The University will be responsible for providing adequate security and for checking identification at any event in which alcohol is served. The sponsoring organization/department may be requested to provide additional supervision to ensure that alcohol beverages are not carried onto or out of University facilities.

The University Police Department shall be notified when alcoholic beverages are served at an event.
