Institutional Statement:
The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the federal law, originally known as the Campus Security Act, that requires colleges and universities across the United States record and report Clery Act crimes, to disclose crime and fire statistics, to provide campus safety and security policy statements, and to notify the campus community regarding Clery Act crimes and serious incidents.

The Clery Act requires the reporting of crimes on public property not owned or controlled by the University. Schools are required to publish a yearly report that contains crime statistics from the three years prior to the report and certain security-policy statements, including sexual-assault policies that ensure basic victims' rights, assert the law-enforcement authority of campus police and describe where/how students should go to report crimes. It is the responsibility of University Police and Student Conduct and Community Standards to collect crime reports and distribute the annual crime statistics and report by Oct. 1 of each calendar year.

The University of Wisconsin-River Falls Annual Security Report and Annual Fire Report is available to all current students, faculty and staff; and to all prospective students and employees. The report shall be made available in paper form upon request to UWRF Police Department.

The University of Wisconsin-River Falls acknowledges the importance of campus safety and investigating crime. By means of this statement, the University adheres to formal plans that provide for the reporting, notification and investigation of missing students and listed offenses committed on campus and on campus controlled areas.
