Policy

While it is appropriate to compensate all employees in a fair and consistent manner, UWRF recognizes that some employees perform at a higher than satisfactory level by either doing significantly more than what is normally expected of the position.

This policy establishes merit guidelines for academic staff with fixed-renewable appointments who seek compensation changes for superior and meritorious performance as stated in UW System Administrative Policy 1277 and Chapter 6.16 of the University of Wisconsin-River Falls Faculty and Staff Handbook.

The use of merit is a positive way to inspire excellence in performance and an appropriate way to reward employees.

Annual allocation of funds is contingent on budget availability.

Authority

The UW-River Falls Chancellor issues this policy in accordance with the Administrative Policy process.

The Vice Chancellor for Business and Finance is responsible for the administration of this policy. To request an exception to this policy, mail to: administrative-policy@uwrf.edu.
