Department: Plant and Earth Science
Program Name: Crop and Soil Science
Program Level: Graduate
College: Agriculture, Food, and Environmental Science
Approval Date: October 21, 2016

According to the Higher Learning Commission, “Faculty teaching in graduate programs should hold the terminal degree determined by the discipline and have a record of research, scholarship or achievement appropriate for the graduate program.” Several qualifications are considered assets for hire either as an instructional/academic staff or tenure-track faculty member in the Crop and Soil Science program at the University of Wisconsin – River Falls.

Candidates for graduate faculty status have earned a terminal degree (i.e. earned credential), that is a Ph.D. in Agronomy, Crop Science, Soil Science or closely related discipline with specific training in Crop and/or Soil Science.

In addition, they have a record of research, scholarship, and achievement that includes:

- Published research related to crop and soil science in a peer-reviewed scientific journal within the past three years or
- Presented research results related to crop or soil science at a professional scientific conference within the past three years or
- Attended a professional conference or workshop related to crop or soil science annually for the past three years.
