According to the Higher Learning Commission, “Faculty teaching in graduate programs should hold the terminal degree determined by the discipline and have a record of research, scholarship or achievement appropriate for the graduate program.” Several qualifications are considered assets for hire either as an instructional/academic staff or tenure-track faculty member in the MSE Reading, MSE Elementary Education, and MSE Secondary Education (EC/EE/L Adolescent Montessori, Principal Licensure, Shared Inquiry Community, STEMTeach) at the University of Wisconsin – River Falls.

Candidates for graduate faculty status have earned a terminal degree (i.e. earned credential), that is a PhD or EdD in Education including relevant sub-field.

In addition, they have a record of research, scholarship, and achievement that includes:

- Active contribution to the field of education (e.g. professional development, professional conferences and meetings, educational research).
- Recent relevant field experience (e.g. teaching, curriculum design/coordination/evaluation, and clinical service/supervision).

According to the Higher Learning Commission, “Tested experience may substitute for an earned credential or portions thereof.” For “tested experience” to substitute for the terminal degree, candidates must have one of the following degrees:

<table>
<thead>
<tr>
<th>Degree Name and Discipline</th>
<th>Rationale</th>
</tr>
</thead>
<tbody>
<tr>
<td>Master’s degree in education including any relevant sub-field (e.g. Educational Leadership, Curriculum &amp; Instruction, Youth Studies, Educational Psychology, Educational Foundations, Assessment &amp; Evaluation) OR other relevant field</td>
<td>These are related master’s degrees that provide appropriate academic foundations for graduate faculty status, when supplemented by additional expectations and credentials.</td>
</tr>
</tbody>
</table>

Qualified applicants who are approved using “tested experience” typically must also have:
