**Department**: Health and Human Performance  
**Program Name**: Clinical Exercise Physiology  
**Program Level**: Graduate  
**College**: Education and Professional Studies  
**Program**: M.S.  
**Submitted by**: Paul Shirilla  
**Title**: Professor  
**Contact**: paul.shirilla@uwrf.edu  
**Submission Date**: February 16, 2017

**Program Outcomes**

**Outcome 1**: Students will be able to assess the exercise/testing needs of patients.  
**Outcome 2**: Students will be able to prescribe exercise for all populations.  
**Outcome 3**: Students will be able to implement a program and support patients.  
**Outcome 4**: Students will be able to educate the participant about performance and progression of aerobic, strength and flexibility exercise programs with their behavioral strategies.  
**Outcome 5**: Students will be able to evaluate the exercise environment to minimize risk and optimize safety by following routine inspection procedures based on established facility and industry standards and guidelines.
