Department: Plant and Earth Science

Program Name: Crop Science

Program Level: Undergraduate

College: Agriculture, Food, and Environmental Science

Program: Minor

Submitted by: Donavon Taylor

Title: Professor and Department Chair

Contact: donavon.h.taylor@uwrf.edu

Submission Date: December 2, 2016

Program Outcomes

Outcome 1: Demonstrate a fundamental understanding of crop science and be able to apply their technical knowledge to address relevant problems.

Outcome 2: Utilize field and laboratory equipment and instrumentation, software, and other technologies to produce, analyze, and interpret observational and numerical data and to test hypotheses and generate conclusions.

Outcome 3: Access, critically evaluate, and synthesize scientific information related specifically to crop science as well as the environment and agriculture in general.
