Academic Success Center: Tutoring Report for FY13

During the FY13, the Academic Success Center provided services to 1,612 students representing 47 majors and 13 ethnicities. The vast majority of students identified as white (85%) followed by non-specified (4%), Hmong (3%), and black (3%). The remaining eight ethnic categories accounted for the remaining 5% of students assisted.

Students received tutoring in one of two ways, through individual tutoring appointments or walk-in available tutoring centers. The individual, appointment based tutoring accounted for 3,299 appointments and 3,450 hours of tutoring. Our six tutoring centers accounted for 4,833 visits and 4,805 hours of tutoring.

The majority of students who received our service identified as majoring in the following disciplines: animal science, biology, business administration, elementary education, health and human performance, and marketing communications.
