During the FY14, the Academic Success Center provided tutoring services to 1,335 students representing 39 majors and 12 ethnicities. The majority of the students that sought tutoring identified as white (75%), followed by non-specified (9%), black (5%), Hmong (4%) and Asian (2%). The remaining seven ethnicities accounted for 5% of the student population.

Students received tutoring in one of two ways, through individual tutoring appointments or drop-in study center help. The individual, appointment based tutoring, accounted for 1,036 appointments and 1,671.30 hours of help. Our six help centers accounted for 3,276 visits and 4,186.24 hours of tutoring.

The majority of students who received our service identified as majoring in the following disciplines: Animal Science, Biology, Business Administration, Geology, and Health and Human Performance.
