The Program:
The graduate program in Communicative Disorders at UWRF is nationally accredited by the Council for Academic Accreditation in Audiology and Speech-Language Pathology (CAA).

Clinical Staff:
Certified Speech-Language Pathologists and an Audiologist supervise graduate students in providing clinical services.
Clinic Services:

Established in 1963, the University of Wisconsin-River Falls (UWRF) Speech-Language & Hearing Clinics provide speech-language, hearing and swallowing evaluation and therapy services for individuals of all ages.

Services are offered in the following areas:
- articulation/phonology
- foreign accent reduction
- stuttering
- voice
- language
- hearing
- feeding & swallowing
- cognitive aspects of communication
- social aspects of communication
- augmentative/alternative communication

How to Get Started:

If you are interested in receiving services through the UWRF Speech-Language & Hearing Clinics, call us at 715-425-3801. We will be happy to answer any questions and help you enroll.

Payment:

A Billing Specialist is available to discuss payment options with you.

Approximately 55-65 individuals attend our clinic each week, including those who experience: hearing impairment, stuttering, cleft palate, vocal nodules, laryngectomy, specific language impairment, multiple sclerosis, Lou Gehrig’s disease, cerebral palsy, stroke, traumatic brain injury and autism spectrum disorders.
