WELCOME!

Practicum is the first field experience in the course sequence of the Counseling Program. You will:
✓ practice counseling skills with real clients in an authentic environment,
✓ focusing on individual counseling,
✓ small group skills, and
✓ conducting classroom lessons.

During Practicum, you focus on honing your counseling skills, while learning about how to attend to the comprehensive duties of a school counselor. This Handbook provides students and site supervisors with information to support a successful and enriching practicum experience.

COURSE DESCRIPTION

*COUN 614: Practicum* is a 100-hour practicum placement that requires students to work with clients, under the supervision of program faculty and licensed counselors, to practice individual and group counseling skills. Audio/video tapes, live supervision, and written transcripts will be required to facilitate supervision. Pass/Fail.

Pre-requisites: COUN 610. Practicum occurs during your 2nd or 3rd semester in the program, after completion of no more than 4 core counseling courses.

PREPARING FOR PRACTICUM

**Students:**
- In the semester before Practicum, students must attend a Pre-Practicum meeting. Here, you will receive handbooks, course information, and a list of sites that will host Practicum students. **DO NOT** start contacting sites until you have attended this meeting.
- Review and gather materials and prepare any questions you have. Create a plan for contacting sites and finding your placement. Update your resume and cover letter. Print copies of the handbook to share.
- Initiate your plan, and obtain signed agreements from the sites that agree to work with you. Make a copy of the agreement and submit the original to the Practicum Coordinator. Pay attention to deadlines.
- Meet with your site supervisors before the semester to get acquainted with the specific qualities of the site.
  - Background checks may be required by your placement site, as well as name badges and other documents.

**Supervisors:**
- Students will get a list of approved sites, based on Practicum Coordinator discussions with schools and districts. If you question whether you are on or should be on the list, please contact the Practicum Coordinator. You must feel confident in your ability to provide the student the opportunities needed to fulfill the Practicum requirements, outlined below.
- Students will be contacting sites in late fall and spring to secure placements for the following semester. They will be provided with system rules for obtaining placements. Please remind them to go through the appropriate channels if needed.
- A signed agreement must be submitted by the student. They will present that document to you for review and signature.
- Please review the evaluation forms found in Appendix A and on the website. These will be completed periodically throughout the placement time.
- Contact the Program Coordinator with questions or concerns.
PRACTICUM REQUIREMENTS

Practicum is a time for students to practice individual and small group counseling skills, as well as classroom curriculum with authentic clients. It is not a time for students to be involved with scheduling, test administration, data entry, and counselor duties that comprise the cumulative duties of the counselor in each school.

Practicum sites must be able to provide a student with the following:
1. Opportunities to work with individual students from diverse backgrounds
2. Opportunities to participate in, plan and execute small groups
3. Opportunities to participate in, plan and execute classroom curriculum

Site supervisors must:
1. Have a master’s degree in counseling, and be a licensed counselor for the desired developmental level.
2. Have a minimum of 2 years experience in the desired developmental level
3. Understand the UWRF Counseling Program’s expectations for students
4. Have relevant training and experience with supervision
5. Be willing to observe the student and offer regular, weekly feedback, totaling at least 1 hour each week the student is in the site. This will include signing off on case study supervision summaries, provided by the student.
6. Be willing to regularly consult with the University Faculty Supervisor about the student’s progress. This could include site visits, emails, and phone calls.
7. Be willing to complete regular evaluations of the student.

Students must:
1. Have completed COUN 610 and additional 600-level courses, and be in either the 2\textsuperscript{nd} or 3\textsuperscript{rd} semester in the program.
2. Conform to the policies of the district and the school.
3. Consult with site supervisors regularly, providing client information and progress.
4. Adhere to professional ethical and legal codes.
5. Contact site and/or university supervisors early and often with questions and concerns.
6. Maintain a regular schedule, in agreement with the site supervisor. This must occur over at least 10 weeks during the semester.

ASSIGNMENTS/TASKS

Students must complete the following assignments/tasks to successfully complete Practicum:

a. Attend a weekly seminar that will include supervised direct contact hours with students in an after-school program, and group supervision to process cases and practicum experiences. Missed time must be made up.

b. Obtain 100 total Practicum hours. Of this, 40 hours must be direct hours working with clients. Hours will be obtained during the weekly seminar as well as additional hours at your site (40-50 hours over 10-15 weeks).
   a. Hours must be completed during the official UWRF semester, but over at least 10 weeks.
   b. Maintain weekly hour logs that will be signed by the site supervisor and submitted during seminar. Copies must be kept by the student.

c. Complete and submit a self-evaluation with Appendix A.

d. Craft a letter home to parents, explaining your role at the school, and other information required by your site and in best practice.

e. Receive live supervision of counseling interactions with clients. Preferably, students will obtain permission to audio or visually tape counseling sessions for use in supervision. See Appendix B for example permission forms.

f. Present at least 3 case studies in group supervision. Each will need a write-up, with a focus on counseling skills. They must be spread out over the semester to show counseling student growth.
   a. Each case study must have either an audio/visual tape (with permission) or a transcript of the counseling session.
b. Each case study will need a summary of supervision that occurs at the site. The site supervisor will need to sign off on this write-up.
c. Copies for each group supervision member must be provided. No copies may be made at the seminar site.
g. Submit a complete-to-date Portfolio, which will require combining all completed coursework into reflections for related standards. A template for all standards will be created and used. The Portfolio will be finalized during Internship.
h. Research and share materials on special topics as outlined in the syllabus. Materials will be any information or documentation that you can share from your placement, and could include school crisis plans, student cumulative files, and mandatory reporting processes.
APPENDIX A

Site Supervisor Evaluation Form

Please review this with the student at the start of the placement. Formal completion and review with the student must occur at least twice during the placement time- at the mid-point and end. The original document is placed in the student’s file, and student and site supervisor should maintain a copy. Program Faculty rely on these evaluations to determine the student’s final grade.

APPENDIX B

Example consent form for taping— if using this you must rewrite for your specific site, consulting with your site supervisor throughout this process.

Your counselor is a counseling intern who has completed most of the required coursework for a graduate degree in counseling at the University of Wisconsin River Falls. Your counselor has successfully completed the coursework and training by national standard to be prepared to provide counseling services. The University of Wisconsin River Falls graduate program in counseling is accredited by the Wisconsin Department of Public instruction and the National Council for Accreditation of Teacher Education; its faculty and students adhere to the American Counseling Association’s (ACA) Code of Ethics and Standards of Practice. Standards require graduate students participate in on-the-job training internship during which experience licensed counselors supervise them. The ACA Code of Ethics and Standard of Practice require that persons receiving services from counseling interns are aware that the interns are being supervised.

Counseling interns receive supervision by more experience counselors, both on-site and at the University of Wisconsin River Falls graduate training program. All records of counselor services are considered confidential professional information. Counseling interns are required to demonstrate their skills in interactions with clients by providing supervisors work samples in the form of recorded tapes (audio and video) of their counseling sessions. If you agree to be taped, these tapes are considered to be confidential and will be protected by the intern and supervisors of the counseling intern. The only time this confidentiality may be breached is at your request, or in instances of abuse or harm to self or others.

Consent to tape counseling sessions:

I ___do/ ___ do not (check one) grant permission to allow these counseling sessions to be taped. I understand that only counseling intern supervisors and counseling interns will be allowed to review these tapes, and that these tapes will be subject to the same standards of confidentiality as all counseling records as specified by the American Counseling Association’s Code of Ethics and Standards of Practice, as well as the laws of the State of Tennessee. I understand that I may withdraw my permission to tape at any time.

APPENDIX C

All University of Wisconsin System student counselors/teachers/interns are covered for personal injury and property damage under the State of Wisconsin Insurance Fund. The following areas are included in the policy:

1. Personal Injury
2. Property damage (includes intangible properties such as defamation of character)
3. Libel and slander
4. Wrongful eviction (out of living quarters)
5. Malicious prosecution (arrested in error)
6. Wrongful entry
7. Assault of battery committed for the purpose of preventing injury
8. Corporal punishment of pupils
9. Automobile liability coverage in state cars (Student Driver Authorization Forms must be completed for liability coverage by all non-payroll personnel. These forms may be obtained from your local university insurance coordinator.)

Neither the U.W. System nor the Wisconsin Association of Independent Colleges and Universities carry health insurance for interns or student counselors/teachers. The student may, however, be covered by programs at the individual college or university. You may wish to join the Student Education Association in your major for additional benefit packages offered by those associations (i.e., WEA, MEA, etc.).
