1. The purpose of the exchange program is to promote international friendship and world peace by stimulating and supporting intercultural activities and projects among students from U.S.A. and Japan.

2. Each institution will accept one (1) full-time student from the other party on the basis of the institutional recommendation as follows:
   a. UWRF will accept one (1) full-time student from the other party in the undergraduate program for one full academic year.
   b. Kansai Gaidai will accept one (1) full-time student from the other party in the Asian Studies Program for one full academic year.
   c. It is possible for each institution to send students for one semester rather than for one full academic year. In that case, two students for one semester equal to one student for one full academic year.

3. Exchange students are subject to the same regulations about admission to and performance in classes as pertain to students in the receiving institution.

4. The exchange students can be either male or female, the selection of whom is fully up to the sending institution. The students, within reasonable limits, try to represent their home institution and country in the community, speaking to clubs, church groups, etc.

5. Each student will pay room, board and tuition charges to his/her own institution and the students will simply exchange places.

6. The housing will be arranged as follows:
   a. It is recommended that the student from UWRF participates in the homestay program arranged by Kansai Gaidai. However, the student can be accommodated in a Kansai Gaidai dormitory on the other party's recommendation. In this case, Kansai Gaidai will refund the homestay expense to the student to cover meal expenses, which are not part of the dormitory arrangement.
   b. Kansai Gaidai student will be accommodated in a UWRF dormitory with a roommate selected carefully by UWRF.
7. Each exchange student must provide for his/her own transportation to/from a port of entry in the country of the other party and the domestic transportation from/to the port of entry to/from the depot near the receiving institution. The expenses during the vacation and the period between semesters, passport expenses, excess baggage shipment and storage, independent travel and such personal expenses as telephone charges, books, etc. are also paid by the student.

8. Minor illnesses may be treated in the receiving institution's health center. However, hospital and other medical expenses are the responsibility of the students. Each student must purchase insurance to cover medical contingencies in the host foreign country.

9. In case that one of the two institutions cannot select an appropriate candidate for the student exchange program, the said institution holds the right to send the additional exchange student to the other party the following year. The notice of sending no candidate should be given to the other party five (5) months prior to the beginning of the Fall semester.

10. Violation of local law committed to the host country will subject the student to immediate withdrawal of the immigration and academic sponsorship and to expulsion of the student from the country.

11. The records of the student's academic performance will be sent directly to the home institution by the coordinator. However, it will be the responsibility of the home institution to decide on how many credit units the student may actually receive on courses taken at each receiving institution.

12. This agreement and program shall continue for an indefinite period, but may be terminated by either UWRF or Kansai Gaidai by written notice of termination signed by the presiding officer of the notifying party. To be effective, the notice of termination must be received by the other party before January 31 of the year in which the termination is to become effective.
