Memorandum of Agreement
1 + 3 Program
Between Shinhan University, South Korea and the
University of Wisconsin-River Falls, River Falls, WI USA

This Memorandum of Agreement (MOA) provides for the development of degree pathway programs ("1 year at Shinhan + 3 year at UW-River Falls") between Shinhan University and the University of Wisconsin-River Falls for Chinese students enrolled at Shinhan University.

1. Recruitment of the students and marketing of these degree pathway programs will be conducted by Shinhan University. Both institutions will collaborate to identify, advise, and admit the Chinese students to enable a successful transition between the two universities.

2. UW-River Falls will work with Shinhan University to develop degree pathway programs. Shinhan University will offer up to 30 credits of general education courses in Korea. These credits are transferable to UW-River Falls. The students will complete the remainder of the credits at UW-River Falls to achieve their undergraduate degrees.

3. When admitted to this program, the students will also be conditionally accepted into UW-River Falls. Shinhan will help the students collect the necessary admissions documents with the students submitting the documents to UW-River Falls.

4. When admitted students fulfill the necessary requirements and earn a cumulative GPA of 2.2 (on a 4.0 scale) and higher at Shinhan University for their first year, they can transfer to UW-River Falls. On completion of this program, the students will receive an undergraduate degree at UW-River Falls.

5. Students with a TOEFL score (or equivalence) of 78 or higher will be
allowed to enroll in any courses for which they are academically qualified.

6. Students with a TOEFL score (or equivalence) of 77 and lower will take an English proficiency exam upon arrival on campus. Results of this exam will be used to determine the number of English Language credits that each student must take. It can take longer than three years for these students to finish the degrees at UW-River Falls.

7. Students with a TOEFL score (or equivalence) of 69 or less will typically be enrolled only in the English Language courses.

8. Shinhan will assist students with their travel arrangements and inform UWRF of the travel plans. UWRF will provide transportation from the Minneapolis/St Paul, Minnesota airport to campus.

9. Students will pay undergraduate tuition, room and board, segregated fees (includes textbook rental), international student fees including health insurance, housing deposit, and any special course fees to UWRF.

10. UWRF will administer the immigration process for F-1 visa students and provide international student orientation.

11. UWRF will arrange for suitable room and board/dining options for the study abroad students for which the students will pay the full appropriate fees.

12. UWRF will also invite students to participate in field trips, cultural excursions, and informal gatherings in addition to providing student life activities available to all students.

13. The fee structure for the program will be updated annually and provided to Shinhan for use when recruiting students. A best estimate of costs will be provided with students paying the actual charges.

14. Signing this agreement will not diminish the autonomy of either institution, nor will any constraints be imposed by either upon the other, in carrying out this MOA.
15. This MOA will be in force for five (5) years, subject to revision or modification by mutual consent. Either institution may terminate the agreement at any time, although such action would be taken only after mutual consultation in order to avoid any possible inconvenience to all parties. Furthermore, if up until a period of one month prior to the maturity of this document, neither party demonstrates a wish to, in any way, alter the conditions stipulated in the document, then the document will automatically remain valid for the following five (5) year period.

16. Termination of the agreement will not affect the accepted or registered students of this program. They will continue to be protected by the MOA terms until they complete their degree program, which should be done in a reasonable timeframe.

17. This MOA shall take effect when the representatives of both institutions have affixed their signatures to this document.
