Revised: Fall 2015
To: Curriculum Committees

From: Joe O'Kroy, HHP

Re: Course Designator changes to two graduate courses

Biology 700 and Biology 710 were developed by Biology strictly for our MS- Clinical Exercise Physiology program some 5 years ago.

The logistics of having these two courses in Biology and Not in HHP is the impetus for the request to change these two courses from Biology courses to EXSS courses. There is always confusion in hiring faculty and scheduling for these courses such that it would make it much easier to have them in the department for which they are being used. No other changes are being requested.

The Biology department is in favor of this change. See attached.

BIOL 710 to EXSS 710- Medical Pharmacology
BIOL 700 to EXSS 700- Cardiac Anatomy and Physiology

Thank You,

Joe O'Kroy, HHP
