Honors Service Learning

Honors students may earn Honors credit for any unpaid service work that benefits the community in some way and that does not count toward another class. This class can be taken for one, two, or three credits and is repeatable and graded on a pass/fail basis: HON 371.01 equals 45 hours of volunteer work; HON 371.02 equals 90 hours; and HON 371.03 equals 135 hours. All students must complete a form indicating their plans for the volunteer hours prior to enrolling in the class; the form is available online or in the Honors office (Hagestad Hall 139). At the end of the class, students must have proof of their volunteer hours and must complete a required reflection on the course in order to receive credit. This class will count toward the “Community Engagement” requirement of revised Honors Program or as general honors credits in the old curriculum.

HON 498.01, 02, and 03: Honors Project

At least one credit of HON 498 is required of all participants in the pre-Fall 2015 Honors Program, and in that program, the class may be taken for 1, 2, or 3 credits depending on the depth of the project proposed. Section 01 is worth 1 credit; section 02 is worth 2 credits; and section 03 is worth 3 credits.

If you have transitioned to the new curriculum (post-Fall 2015) and are graduating in Fall 2016, you may take HON 498.01 to replace HON 497, but you must contact Dr. Hunzer first.

All students taking HON 498 for any number of credits must complete a form indicating their plans for HON 498 prior to enrolling in the class; the form is available online or in the Honors office (Hagestad Hall 139). Everyone taking HON 498 must receive a permission number from either Katy or Dr. Hunzer in order to enroll in the class.
