Oral Advocacy & Cross Examination

MARC 389, sec. 3 • 3 credits
2-3:15 TuTh
Applies toward MARC category 6 electives

Instructor: Dr. James Pratt, james.w.pratt@uwrf.edu

Learn how you can be effective in oral argument and cross-examination.

Your career success could be defined by your ability to:

• construct and deliver oral arguments
• respond to attacks from the public and the press
• justify an expensive or controversial project
• conduct and respond to cross-examination by judges, legislators, clients, reporters, and the public

In many career contexts, we are called upon to orally defend and justify actions that we or our employers have made, testing our skills in oral argument and our ability to conduct and respond to cross-examination.
