All high school Science Olympiad teams are invited to the 1st Annual UW-River Falls “Border Battle” Science Olympiad Open Invitational Tournament for Division C.

Saturday, January 19, 2013
University of Wisconsin-River Falls
410 S. 3rd Street
River Falls, WI 54022

Teams from Wisconsin and Minnesota will compete in all 23 National Science Olympiad events as well as the 5 trial events from Wisconsin on the campus of the University of Wisconsin - River Falls. Teams will NOT need to provide an event supervisor as UW-River Falls will be running every event, providing coaches with the opportunity to coach their students and observe the tournament, without the stress of creating and supervising an event during the competition!

Individual medals will be awarded to the top finishers in every event, with the total number of medals determined by the number of participating teams. Team trophies will also be awarded to the top performing teams in both divisions. In addition, a spirit award will be given to the school that displays the best attitude, as voted on by the event supervisors. All competitors will be given a tournament tee-shirt!

The cost for participating in the tournament is $75 per team, which will be used to help offset the cost of awards and facilities fees. If this cost is a hardship for any team, they are asked to contact Earl Blodgett, tournament director, as indicated below. Interested teams are asked to complete and return the attached registration form, including a check made out to the University of River Falls by the registration deadline of Friday, January 11, 2013. Any interested teams that register after the deadline are subject to a late fee of $25. UW-River Falls reserves the right to restrict the total number of teams based on available space; admission will be on a first-come, first-serve basis up to the cap of 40 teams. In order to accommodate more schools, we will limit any one school to a maximum of three teams.

For more information, please visit: www.uwrf.edu/PHYS/olympiad or www.uwrf.edu and select keyword, “Olympiad”.
