Executive Summary of the Communication Plan for the Strategic Planning Process for UW-River Falls:

Our strategic plan requires both embracing change and excellence in communications. The main purpose of this communication plan is to be as transparent and inclusive as possible. Students, classified staff, academic staff, faculty, administration, alumni, and community stakeholders will have many opportunities to learn about the strategic planning process and to participate in determining the future direction of the University of Wisconsin-River Falls. This communication plan will help ensure that communication will be as timely as possible and reach all audiences in multiple ways. Effective and efficient campus-wide and community-wide communications will encourage engagement, stimulate idea-sharing, and report on results.

Objectives:

- Encourage transparency and collaboration
- Promote awareness and participation
- Inform campus
- Communicate results to a broad external audience
