

Case IH Honored with Outstanding Service Award

Case IH and Value Implement was honored with the 2014 Outstanding Service Award at the fall Commencement ceremony Dec. 13. The award is the highest honor given to an individual or organization outside of UW-River Falls.

Since 2009 Case IH has reached out to UWRF with state-of-the-art agricultural equipment that is used for low cost in the classroom, at the campus farms, and by campus grounds and maintenance crews. The equipment includes tractors/loaders, combines, planters, and tillage and forage equipment. Using the latest in agricultural equipment technology prepares students for the modern workplace and allows the campus to increase efficiency in numerous operations, including snow removal.

In addition to providing equipment, Case IH and Value Implement has made cash contributions to support events lead by student organizations to educate the general public about agriculture. Case IH has also made their facilities available to UW-River Falls and its students. Students and staff have visited their manufacturing plants in Fargo and Racine and their training center and corporate offices in Racine. Students have also been given a behind-the-scenes tour of the Case IH engineering facility in Burr Ridge, Ill.

Approximately three hundred ninety eight bachelor's degrees and 51 master's degrees were granted following fall semester.

Left to right: UWRF College of Agriculture, Food and Environmental Sciences Dean Dale Gallenberg, Darrel Severson of Case IH, Chancellor Dean Van Galen, Patti Lardie of Case IH, and, Bob Salonek of Value Implement gathered at the Commencement Ceremony after congratulating Case IH and Value Implement on receiving the 2014 Outstanding Service Award.
