University and General Education Requirements

The University has specific course requirements that a student has to fulfill to earn a degree. These requirements are outside of the Major/Minor requirements for degree completion.

To search for the most up-to-date University and General Education Requirements offered for a term (e.g. American Cultural Diversity=d, and Global Perspectives=g, Mathematics=M) you should use eSIS.

You may begin on any “Search For Classes” area in eSIS.

Click the term in which you are searching to find a class.

You can enter different criteria to find classes. If you click on the “Additional Search Criteria, you have more options.
You must have at least 2 search criteria values, such as subject and undergraduate, or undergraduate and Social and Behavioral Sciences (Gen. Ed. Requirement).

Click on the Drop Down menu and select the area, then click “Search”.
You will see the result of your search.
